

## CAREER HIGHLIGHTS

- Experienced Architect and Project Coordinator
- Sustainable and Regenerative Design driven
- BIM Expert, Strong 3D Modeling and Rendering skills
- Pitch and Storytelling Specialist in Urban Design
- Social, Friendly, and Collaborative Team Player
- Expert in Graphical softwares (CAD, Revit, Adobe)

## WORK & EXPERIENCE

### Trainee in Urban Design and Planning Architecture

*Ramboll | Sweden | Oct 2023 - Apr 2024*

- Development of urban and landscaping designs through the development of graphical materials.
- Working closely with urban planners and landscape architects to produce 3D modelling and high quality renders.
- Working for municipalities around Stockholm region (Västerås, Stockholm, Uppsala)
- Dedicated to advancing sustainability in urban design, with a specific focus on Regenerative Design principles.

### Project Coordinator

*Daudt Engineering | Brazil | Jan 2020 - Jul 2021*

- Coordinated interdisciplinary teams in executing BIM-designed engineering projects, resulting in 50% improved efficiency.
- Managed and delivered 36 engineering projects, exceeding industry completion time standards by 80%.
- Supervised a team of 4 to 6 engineers, ensuring on-time project completion and high-quality results.
- Effectively coordinated the simultaneous execution of 4 projects.
- Leveraged lean project management and Revit technology to enhance project processes and maintain high standards.

### Architect - Collaborator on Architectural Projects

*Koren Arquitetos | Brazil | Mar 2015 - Aug 2021*

- Collaborated with the team and the lead architect on the development of 20 architectural projects.
- Contributed in creating building designs, researching rules and regulations, and producing highly detailed final drawings.
- Worked with the lead architect and the team across various design phases and scales.
- Contributed to the research and application of Brazilian standards and regulations.
- Assisted in conducting multiple architectural feasibility studies to enhance client engagement and project opportunities.

### Partner and Head of Architectural Design

*Foxprime | Brazil | Jun 2016 - Mar 2018*

- Led the design and completion of architectural projects, including construction budgeting and real estate appraisal.
- Introduced Light Gauge Steel Frame Technology in Brazil, challenging tradition, and potentially boosting efficiency by 75%.
- Actively participated in Construsul, capitalizing on 50 potential clients and generating 27 leads through exhibition booths.
- Prepared persuasive presentations using storytelling and pitch techniques. Managed marketing and business strategies.

### Product Manager and Co-Founder

*Way Incorporadora | Brazil | Jan 2015 - Feb 2016*

- Operated a new business, overseeing site analysis, city regulations, architectural planning, and implementation plans.
- Collaborated with three partners to make data-driven strategic decisions and contribute to the company's planning.
- Conducted technical feasibility studies and site visits for projects, providing critical insights for decision-making.
- Established key partnerships with real estate agencies, driving business growth.

## EDUCATION

### Master's Degree in Architecture (spec. Sustainable Urban Design) *Lund University | Sweden | Aug 2021 - Jun 2023*

- Awarded a Scholarship from the Swedish Institute.
- Participant of the SI Network for Future Global Leaders
- Thesis: Explored permaculture as a solution to sustainable urban design integrating urban farming in an industrial site.

## EDUCATION

### Master's in Civil Engineering

Federal University of Rio Grande do Sul | Brazil | Mar 2020 - Dec 2021

- Awarded a Research Scholarship from CAPES ( Brazilian government agency).
- Participated in the Group for Research Life Sustainability (LCA).
- During my Master's in Civil Engineering, the program emphasized innovation and Life Cycle Assessment (LCA).

### Bachelor's Architecture and Urban Design

Pontifical Catholic University of Rio Grande do Sul | Brazil | 2008 - 2014

- Awarded two Individual Research Scholarships (BPA and PROBITI/FAPERGS).
- Participated in the Group for Research SUSTENFAU (Sustainable Social Housing).
- During my bachelor studies, I acquired a comprehensive foundation in architecture.
- Learning the essential skills and software (AutoCAD, Sketchup, Revit, Adobe).
- UHR bedömer att utbildningen motsvarar svensk kandidatexamen (SeQF nivå 6).

### Exchange BA Architecture

Newcastle University | England | Sep 2012 - Sep 2013

- Awarded a prestigious scholarship from the 'Science without Borders program.
- Sponsored by the Brazilian government (CAPES Foundation) for a full academic year.
- I had the opportunity in exploring my artistic side and work implementing sustainable solutions in architectural.
- UHR - Utbytesstudier vid University of Newcastle Upon Tyne, Storbritannien, har tillgodoräknats i utbildningen.

## VOLUNTEER AND ACTIVITIES

### Nova Member

Nova Network | Sweden | Aug 2022 - Present

- Nova is the merit-based access network where the top 3% of talent connect with each other, develop and accelerate their careers.

### Board Member and Volunteer

ONG Sonhar Acordado | Brazil | Dec 2016 - Jan 2021

- Helped the NGO (ONG) to raise money for their projects. Contributed as a volunteer helped to care for children in vulnerable situations.

### Marketing Strategist and Co-Founder

Liderar.com.vc | Brazil | Feb 2018 - Dec 2020

- Created an Educational Company aiming to develop new Leadership Skills in people transforming their self-knowledge, self-esteem, habits, behavioural skills and attitudes.

### Research Student

SUSTENFAU-PUCRS | Brazil | Aug 2009 - Dec 2014

- Launched Architecture Prototype Projects in the Research Group testing Sustainable materials in the PUCRS while incubating at the Scientific and Technological Center.
